

SHELL TYPE MILLING CUTTER BODIES for round inserts with shim

R 6 | 7° positive

Highlights

- ➔ security against fracture
- ➔ optimum protection of Milling Cutter Body by shim
- ➔ in case of insert fracture, shim, screw and threaded bush can be replaced separately, no need to buy a new Milling Cutter Body
- ➔ shim is made in hardened steel and ground to exact dimension, it is not core-hardened and consequently shock-absorbing
